Computer Report Due Tuesday

The report of the Computer Advisory Committee on a data processing system for the town and schools will be the topic of a joint meeting of the School Committee, Selectmen and Finance Committee Tuesday night. The session will begin at 7:30 p.m. in Stowe School.

The citizens' committee, headed by George C. Orfanedes, has been working more than a year to combine the town's needs into the most workable package and

recommended equipment and a vendor.

While the goal was an integrated system, it is expected the recommendations will include some separate equipment, because of the different needs of the town and the schools.

Also on the joint agenda is a report from the School Building Committee which will explain how and why they chose Perley

"My Name Is Big Bird," the tag says, and "I belong to Craig Tratreault." The occasion was the stuffed animal contest for youngsters at Memorial Hall Library Tuesday afternoon. There's no doubt in Craig's eyes, at least, who the winner is.

Manager Seeks 5 Percent Hike For Employees

Five percent across-the-board pay increases for "independent" town employees, retroactive to July 1, are part of a compensation package presented by Town Manager Jared S.A. Clark to the selectmen Monday night.

Clark also seeks reclassification or regrading of six of the 240 full-time positions, including raising the position of the assistant town manager to the department head level.

He anticipates asking the selectmen to transfer some \$157,000 from the Compensation Fund, to finance the changes, at their next regular meeting.

Clark said the pay increases would actually reflect a total 7.2 percent increase, including benefits such as major medical.

Selectman Susan Poore expressed concern about setting up a structure where salaries are going to go up every year.

"What's the incentive to do better," she asked, "if the salaries are going up every year?"

Clark noted that police and firemen get

an increase through their unions every year, and that he was putting the independent people on a par.

He said he hoped to set up a performance-evaluation system for increases, but that was six months to a year down the road because the "management team" concept needed to be developed a bit further first.

In general, he said the changes were set up to correct some inequities in the original classifications. The proposed upgrading of the assistant town manager from Level S-24 to S-26, plus a merit increase, would bring Sheldon Cohen's present salary from \$21,306 to \$22,562.

Clark said he felt Cohen has the same level of responsibility and works as many hours as any department head, and that the S-26 classification is in line with other department heads.

Other reclassifications or regradings include:

(Continued on Page 26)

Community Service Department Outlined

A plan to combine the present Departments of Recreation/Community Schools and Elder Services into a new Department of Community Services was presented to the selectmen Monday night.

The basic functions of the two departments would remain under the new structure, according to Town Manager Jared S.A. Clark, and he said the plan is essentially the same as one recently recommended by the Recreation/Community Schools committee.

Clark indicated that the R/CS director would become the overall Community Services director on the organization chart, with the present RC/S supervisory positions of recreation and education-enrichment, and the coordinator of elder affairs, reporting directly to him or her.

In separate action Monday night, Clark proposed to upgrade the position of the elder affairs coordinator to a level S-15, to bring it into line with the other two supervisory positions.

The director's position will stay at the present level, S-24.

Joan Pearson has been acting director of R/CS since Gary Ralph resigned more than a year ago, and she's expected to be one of those considered for the new position. George Kwiecien is the recreation

supervisor, but the education-enrichment job formerly held by Mrs. Pearson has been officially vacant since she became acting director. She said this week a co-op student has been fulfilling many of the

Gingerbread Lady To Be Season Finale

The final offering of the summer Theatre at Brooks will be "The Gingerbread Lady," a comedy drama by Neil Simon.

Virginia Montella will play the lead role of Evy Meara, a washed-up, middle-aged actress, and her real-life daughter, Diane, will also play her daughter in the play. Diane Montella was last seen in the Theatre at Brooks' production of Equus.

Nita Froelich brings to life the vain, selfish friend Toby, and John Hopkins

plays the aging misfit, Jimmy.

Elliot Winnick, director of The Theatre's successful production of Simon's Last of the Red Hot Lovers, will direct The Gingerbread Lady, which opens tonight and will be followed by a champagne celebration.

The show will run through Sunday night of this week, and again next Thursday through Sunday. Reservations may be made by calling the theatre, and tickets are also available at the door. Curtain time is 8 p.m.

To China

University of Lowell associate professor of Microbiology Dr. Jacob Lam, has been asked to serve as a visiting professor at Tung Hai University in Taichung, Taiwan for the coming 1978 - 1979 academic year.

He will spend his sabbatical leave from the College of Health Professions in Tung

Hai's Department of Biology, teaching and doing research.

Town House Topics

To Consider Lyons-Wragg Dilemma

The Finance Committee tonight will consider a transfer of funds to reimburse former School Committeeman John F. Lyons and John G. Wragg for some legal costs resulting from their 1974 decision to dismiss Edward P. Regan as

assistant superintendent.

Town officials met in executive session last week on the matter, and Town Manager Jared S.A. Clark has been of the mind to settle the issue and put it out of the way.

Compliments For Clark And Co.

The Selectmen, in a laudatory moment Monday night, praised Town Manager Jared S.A. Clark for his accomplishments in the four-plus months he's been on board.

Clark had presented the selectmen with a progress report on "50 or 60" projects which had been handed him, and Chairman Albert Cole noted that Clark had made a great deal of progress in a

short amount of time. Susan Poore then commended him on the speed with which he has tackled various jobs.

Clark voluntarily shared the limelight with Asst. Manager Sheldon Cohen, for whom he is asking a merit increase. Clark said they have a "good, functioning management team."

Soon Dial 470-1700 For Schools

The individual numbers for various Andover schools and offices are on their way out.

As of Monday, Aug. 28, all calls will be made to a central console — 470-1700 — which will connect with all departments.

Calls within the system will be made by dialing three digits.

The new system is expected to be more efficient and will also represent a cost savings, according to the business manager's office.

Appointments To Town Boards

The Selectmen Monday night approved the reappointment of James A. Booth to the Council on Aging for a three-year term, and added Thomas Powers to that board. Named an appointee-designate to the Conservation Commission was James O'Day, while Harold Wernick was approved to the Elderly Tax Exemption Study Committee. That group was established by the April Town Meeting and is to make

recommendations for action to be taken by Town Meeting next spring.

In the area of paid positions, the selectmen approved temporary help for the Recreation/Community Schools as follows: Patty Healy, gymnastics supervisor; Marcia McQuade, head lifeguard; Stephen Rokicki, gym supervisor; Paula Wesson, temporary secretary and Philip Markey, gym supervisor.

Subdivision Decision Due Monday

The Planning Board is scheduled to make a decision on the Lincoln Circle East Extension subdivision, near Shawsheen Road, at its meeting Monday night in Town Hall. The decision was postponed earlier this month over the question of how drainage would affect the abutting Cornelius Wood

property.

A public hearing will be held at 8 o'clock on the proposed Barrie Circle subdivision off Bailey road. Otherwise the meeting will be more or less a work session for the board, in preparation for October Town Meeting.

Beano License

The Beano License previously held by the Knights of Columbus was, granted to St. Augustine's School by the Selectmen Monday

night.

The games will continue to be held at the Knights of Columbus Hall on Sundays from 7 to 11.

Two More Chances To Register

Two more special registration sessions will be held at Town Hall to enable voters to participate in the September primary election.

The registrars will be in session Saturday from noon to 8 p.m., and then finally on Tuesday, from 9 a.m. to 10 p.m.

Persons registering are to bring some proof of local

residency, such as utility bill, recent receipt or the like.

Some people once believ-

ed that shooting arrows under a fruit tree would cause the fruit to fall off the tree just as the arrows fell.

TOWN OF ANDOVER WATER DEPT. NOTICE

Water will be discolored in the Elm Street area until the work is completed for the testing of new water mains. This will be approximately from two-four, (2-4) weeks.

McLeod, raze barn and shed; 309 River Road, Frank Peterof, raze garage; off Woburn St., Town of Andover, raze recreation Park building; Lowell Street and Sheraton Rolling Green construction trailers (two).

Shawsheen Parking No Problem

Town Manager Jared S.A. Clark told the Selectmen Monday night after a two-week study of the Shawsheen area, that there seems to be adequate on-street space for all-day parkers and shoppers.

He said there does not appear to be any serious problem with illegal parking, though "no parking" signs will be installed near the bridge to clear up a possible trouble spot at Kenilworth and Riverina Road.

He also indicated he would follow up on Selectman Susan Poore's concern that cars from the auto service department on Riverina Road sometimes overflow into parking space needed by patrons of the beauty salon nearby.

Later in the Monday night session, Mrs. Grace Peters of Chestnut Court, a former resident of York Street, asked if parking problems will be created when the old Sacred Heart School becomes apartments.

Asst. Town Manager Sheldon Cohen said he believed the developer, Crowninshield, was planning to have 90 parking spaces adjacent to the building and another 35 across Balmoral Street behind the Andover Companies, or a total of one and a half per apartment unit.

Clark added that there are also plans for a 50-car lot to serve the playing fields now owned by the town.

Editor Elected By Providence Alumni

Robert E. Finneran

Robert E. Finneran of North Andover, has been elected vice president of the National Alumni Association of Providence College. He will serve a one-year term as vice-president and then automatically succeed to the presidency of the organization on July 1, 1979.

Finneran is editor of the Andover Townsman weekly newspaper and has won several awards for his work, including last year's New England Newspaper Association award for best column. Currently he is second vice-president of the Massachusetts Press Association and serves as a director of the Andover Chamber of Commerce. He is also a past Grand Knight of the Msgr. Shea Council of the Knights of Columbus.

A 1953 graduate of Providence College, he has served a three-year term as member of the Alumni Board of Governors. During that time he was chairman of the Homecoming Weekend, Alumni Travel, Nominating and Boston Area

Loyalty Fund committees.

The P.C. Alumni Association represents over 19,000 graduates of the Rhode Island institution administered by the Dominican Fathers. The organization operates a full-time Alumni Office on the campus and sponsors a varied program of educational, social and service activities to develop Alumni support for the College.

To Attend Bryn Mawr

Mary Townsend, daughter of Mrs. Sarah Lane Crabtree, 142 Main St., Andover, will be entering Bryn Mawr College in Pennsylvania as a freshman in September.

She is a graduate of Middlesex School.

Ride On!

Today's motorist drives an average of just over 10,000 miles annually, making a total of 1.4 trillion miles for the more than 133 million licensed drivers in the U.S., according to the Auto Club of Merrimack Valley.

Currently, there are 147 million registered motor vehicles in America covering more than 3.8 million miles of roads and 563,500 bridges, says the AAA.

Nahil Heads Club

Joseph C. Nahil of 180 Sutton Hill Road, North Andover, has been elected president of the Publicity Club of Boston for 1978-79. He is supervisor of public relations at Digital Equipment Corp., Merrimack, N. H.

As Publicity Club president, Nahil heads a professional organization which has a membership of more than 300 publicity and public relations people.

Nahil has been on the Publicity Club's board of directors since 1971, serving most recently as vice-president for membership and vice-president in charge of programs.

A graduate of Merrimack College, he also attended the Graduate School of Arts and Sciences at the University of Massachusetts in Amherst. He served as director of Public Information, Alumni and Development at Merrimack before entering the industrial field.

Prior to joining Digital, he was manager of public information for Avco Corp's Space Systems Division in Lowell, and manager of news and information for RCA Corp. in Burlington.

Among Nahil's professional honors have been a Publicity Club Bell Ringer Award in the "consumer-oriented public relations program"

category. He is a former national president of Sigma Beta Kappa fraternity and appeared in the 1970 edition of "Outstanding Young Men in America."

School First

In 1836 the first state law restricting child labor was enacted in Massachusetts. It stated that no child un-

der the age of 15 shall work in "manufacturing establishments" unless the child attended school for at least three of the 12 months preceding any year of employment. In 1842, enforcement provisions were added to the legislation, according to the U.S. Department of Labor publication, "Labor Firsts in America."

Gas Co. Accord Sought

Town Manager Jared S.A. Clark will be meeting with officials of the Bay State GasCo. within the next couple of weeks, in an effort to avoid "getting off on the wrong foot" with new residents who are denied permits to install gas service.

In at least one recent case, a resident of River Road was denied a town permit to excavate on a recently resurfaced street, though he had been led to expect the gas service.

The turnaround was based on a town policy that streets are not to be opened for five years after they are resurfaced, and the utility companies are traditionally notified of what streets will be opened so they can plan accordingly.

Clark says River Road was resurfaced about three years ago, and that installation of service at 10 River Road would have required cutting all the way across the 24-foot street. That, he said, would have led to the rapid deterioration of the whole street.

He told selectmen Monday night he feels the utilities may be selling services either knowing they're going to place the town in an awkward position, or that they're not paying attention to the construction schedules.

The selectmen Monday night went ahead and amended an earlier motion to allow a three-foot excavation in Cross Street to hook up a new service.

When they earlier approved a permit, the new owner felt the gas main was off the two-year-old surface and on the adjacent right-of-way. It turned out, however, to be underneath it.

The owner considered tunneling under the roadway to make the connection, but such a method is highly dangerous and Clark said it would put the owner in the position of "looking down the front end of a gun barrel."

Selectman Chairman Albert Cole said Clark should tell the gas company that from now on they should abide by the town's rules or they "would get stuck."

Public Works Director Robert McQuade added this week that the town must

provide water for new residences, but not private utilities.

It's The Everything . . . !

Some years ago an area restaurateur built a sound dinner business hereabouts with the tag line: "It's The Food."

He's gone now and so is the business but his ad claim worked then because it was true . . . the food was good.

At the Towne Deli we say: "It's The Everything!"

People keep coming back . . . coming back and Phidias likes that. We have created an atmosphere that our patrons relish and want to enjoy again and again. Temperature-controlled, pleasant dining rooms . . . our new outdoor cafe . . . the casual, we're glad-you-came cordiality found here . . . the superbly prepared foods . . . the always fresh rolls and breads . . . the hearty breakfasts . . . the generous portions . . . the sandwiches and dinner platters that never fail to whet jaded appetites.

"It's The Everything!" — it's working now at Towne Deli because it, too, is true.

Come see us soon and when you do, be sure to top off your meal with Colombo's great Picnique Frozen Yogurt . . . it's a wonderful way to complete an altogether pleasant dining experience.

Bruins To Be?

Sean Ross, 11, checks out the hockey shoot game that was part of last Wednesday's Peanut Carnival in Central Park.

Ballardvale

With the playgrounds in the 1978 season shortly coming to an end, Ballardvale has been busy trying to squeeze in as many activities as possible. Most of this week was spent prepping for the Peanuts Carnival which was held Wednesday, Aug. 9. All the kids put a great deal of effort into preparing the food & games. Our Darts & Balloon game was run by Veronica Croke and Kim Yonaker. Taking care of refreshments were Billy Yonaker, Patty Townsend, and Amy Thompson. This week has also been ecology week in the Vale. Laurie organiz-

ed a mass clean-up and renovation of the shed. Cathy and Angie Guiani seemed to have gotten more paint on themselves than the shed. Our third major project of the week was Parents' Day on Friday. Kelly Conley and Amy Smith were among many making beautiful salt designs. Friday we had our weekly cook-out with the parents. As usual it was fun and fulfilling.

Sanborn

It was a super spectacular week at Sanborn playground. Monday we welcomed a new aid, Mary Lou Petrella. As it was

raining again we worked on our Peanut Carnival booths and talent show acts.

Tuesday we made paper flowers and pom-poms. Doherty school came for a game of floor hockey.

Wednesday was our Peanut Carnival in Central Park. The kids enjoyed the magic show and the many game and food booths.

Thursday was Birthday Day at Sanborn. We had a cake in celebration of Beth Cronin, Matt Moynihan, and Counselor Chris Lynch's birthday.

Friday was our Parent's Day and Talent Show. Acts included a Hansel and Gretel skit performed by Jonathan, Alilison, Kerri, Jeff, Kim, Michelle, Kathy, Gregg,

Rusty, Brian, Brenna, Cara, Matt and David. Other acts were gymnastic routines, joke telling, and dance routines. The show concluded with a fantastic song and dance act by Debbie Lasota, Cheryl

Relax And Save Gas

A good way to save gas, says the Auto Club of Merrimack Valley, is simply to relax. Tense, aggressive drivers generally are chronic lane changers and tend to move constantly from the accelerator to the brake.

Steady driving patterns can save 20 percent or more in gasoline.

Rock Concert In Central Park Wednesday, Aug. 23

The summer's last rock concert will take place in Central Park Wednesday, Aug. 23. The "White Rose Band" will be performing at the bandstand beginning at 7 p.m. The concert is scheduled to end at 10 p.m. Admission to all R/CS summer concerts is free.

Family Movie To Be Pollyana

The eighth and final outdoor summer movie will be shown Monday in Central Park. Walt Disney's "Pollyana," starring Haley Mills and Jane Wyman, will be shown at the bandstand, beginning at dusk. Admission is free and the public is invited.

Tennis Deadline Aug. 25

Registration forms for the 1978 Recreation/Community Schools Adult Tennis Tournament are now available at The Sport Shot, the Andover Hockey Shop and the R/CS office on Bartlet Street.

This year, competition will take place at two skill levels: novice/intermediate and advanced. These two skill levels will be used to categorize singles, doubles and mixed-doubles play.

The registration deadline will be 4:30 p.m. Friday, Aug. 25. First round matches will be determined on Wednesday, Aug. 30. Competition in the first round will have to be completed by Wednesday, Sept. 6.

Further information concerning the tournament may be obtained by picking up a registration form or by contacting the R/CS office. All players must either work or reside in Andover and be at least 15 years of age.

All For Peanuts

There was fun for all ages last Wednesday during the annual "Peanut Carnival" sponsored by the Department of Recreation/Community Schools in Central Park. Top: mothers and youngsters alike enjoy the antics of Magician Joe Crarota, shown at right. Above, Gwen Grant, 11, races against the clock to dress up in firemans garb.

Playgrounds

(Continued from Page 10)

Lasota, and Kim Byrne. It was a great finish to a fantastic show. We would like to thank our mothers for providing refreshments after the show. They were delicious!

South

The seventh week of South School Playground brought with it much and excitement as always. Monday was another long rainy day, and most of the day was spent in the gym playing indoor games. Tuesday, the sun finally came out and we played soccer and kickball. We also made attractive tin can banks. Wednesday was our Peanut Carnival at Central Park. All that came had an enjoyable time participating in all the interesting games from the different playgrounds. Thursday, we had our Parent's Day. We had a nice time meeting all the parents and thank all the parents who were able to make it. We also held our baby picture contest.

Playgrounds brought in the adorable pictures of their yesteryear. The pictures were all so cute we decided everyone was a winner.

Friday the playgrounds did a great job painting over our supply cabinet. We also had a great game of soccer and floor hockey. S.P.A.R.C. invited some South playgrounders to the Beach trip with them. Thank you Liz and S.P.A.R.C. PARK for an enjoyable day.

West

We all had a terribly busy week here at the wild, wild west. Monday we made a giant plaster peanut for the Peanut Carnival. We also worked on a Frisbee Golf game and brought that to the carnival also. The carnival was great fun and we all enjoyed the magic show. Our own Carrie Hampl was chosen to be one of the magician's assistants and she did a super job. Our bake sale was a success and we thank all the moms who helped us out.

Friday was Parent's Day and we were glad to see so many moms and dads. Some of the arts and crafts that we worked so hard on during the summer were on display. We saw slides of some of the trips and special days that we had this summer.

The new 'Ms. West Elementary' was crowned. Congratulations to Nancy Butler of Greenwood Road. The runner ups were Rose Mary and Mary Ellen Torrisi, Amy Skinder, Lisa Foutaux, Julie Plati, Stephanie Stone, Laela Goodman, Kristin Johnson, Sarah Perry, Leslie Wilkinson, Carrie Hampl, and Michelle Giannoni. It was certainly a tough decision

for the judges. Everyone looked so pretty!

Parent's Day ended with a cook-out and Barry's hamburgers were delicious. Next week is the last week of playground and most of us are looking forward to Canobie Lake. S.P.A.R.C. is paying us a visit on Tuesday and on Thursday we are going to have a cook-out with our little friends from pre-school.

Shawsheen

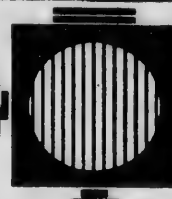

With the summer winding down and nearing its end, we kept very busy at Shawsheen. During the wet beginning to the week we planned our activities for Peanuts In The Park. They consisted of a hockey shoot, dart throw, and a bake sale.

We'd like to thank all our parents and kids

who baked for us. It was a big success as we made over \$10. That will support Friday's ice cream smorgasbord.

Friday was Parent's Day and we had a good sized crowd. George even stopped by to see our Shawsheen Acting Company's presentation of 'Slowpoke Snail.' It starred Penny Starks, with supporting roles by Joey Sirois, Aimee Kelly Ross, Kim Stansfield, Monica Dugal, Mindy

NICK RIZZO

SEND HIM TO CONGRESS. FOR ALL OF US!

Nick Rizzo's life has been spent helping people - as an educator, a scientist, a criminologist and a physician. Now he'd like the opportunity to represent all of us in the 5th District more directly. As our Congressman.

More than 45 years ago, Nick Rizzo helped his immigrant parents by working as a coal miner in pit #4 in Pennsylvania. Most recently, he served as Director of the Lawrence Court Clinic. In between, he's seen the bright side and a lot of the dark. He's seen that progress in working with problems like health, crime, unemployment and drugs comes from concern, knowledge and dedication. Not from lifetime politicians who seek one stepping-stone office after another.

Like most of us, Nick Rizzo feels that bigger government and unwise spending aren't the solutions to the crushing problems of taxes and inflation. He thinks all of us want more decision-making returned to the individual; and that's what he's going to fight for.

Nick Rizzo feels this election is especially important. He's made proposals (call or stop by for a brochure) and he feels all of us should know where every candidate stands. So he's challenging all candidates for Congress to a series of debates or public forums,

before both primaries, anywhere and anytime.

Nick Rizzo is the only "non-pol" seeking to represent us. As a newcomer, his lack of exposure makes him a distinct underdog. But as a person who's tried to help many of us - and as a candidate whose only interest group is all the people - we urge his support. We feel - by background, by knowledge, by concern and capabilities - Nick Rizzo should go to Congress. For all of us.

WHAT HE'S DONE.

- Graduate - Kansas, Harvard (PhD, Education), Boston University (MD).
- Medical Officer - U.S. Army; Major, Asst. Div. Surgeon - Mass. National Guard.
- Private medical practice and service at Children's Hospital, Mass. General, Peter Bent Brigham, Lawrence General and others.
- Director - Lawrence District Court Clinic; Consultant - Mass. Rehabilitation Comm.; Editor - international criminology journal; Author - more than 20 publications on education and medicine, many on how to best deal with crime.

WHAT HE WANTS TO DO.

- Make better use of the skills and knowledge of our senior citizens.
- Combat inflation through reduced government spending and giveaway programs.
- Promote the "work ethic" and new private/public partnerships to fight unemployment.
- Harness the Merrimack River and exploit coal, wood, grain-to-ethanol to provide environmentally-sound energy self-sufficiency.
- Promote a National Health Plan based on private insurance company competition.

WHY YOU SHOULD ELECT HIM.

- He's been there, with all of us, from coal miner to court doctor.
- He's worked on problems from drugs to criminals.
- He believes all of us, regardless of party label, stand for less government, fiscal sanity and individual growth.
- He can provide fresh thinking, backed by 40 years of experience, to a system in dire need of this.

NICK RIZZO FOR CONGRESS. SEPTEMBER 19, REPUBLICAN PRIMARY.

Goodies, Anyone?

Lisa LeMieux, 8, offers homebaked goods for sale during the Peanut Carnival. The Shawsheen Playground earned \$10 from their wares.

Playgrounds

(Continued on Page 13)

Porter and Mike Romano. They gave an excellent performance and all were pleased. Our director Janice and set director Amy both did a good job of getting it organized. We'd like to say, 'Thank You!'

SPARC PARK

A kickball game with Shawsheen playground was enjoyed by all on Monday. And after a brunch at McDonalds the younger group hiked to Shawsheen just in time to join the rest of us for a Barn Yard Holler candy game. We thank Steve and Mary Alice for inviting us over the for morning.

Tuesday was switch day where the counselors became "kids" and the kids became "counselors" — wearing blue shirts of course. It was quite an experience, but with more counselors than kids things became somewhat interesting. The Magic Show and Peanut Carnival

were at Central Park on Wednesday. Each playground had set up games which could be played for the price of a few peanuts. We used some softballs that were salvaged from the Lodge fire for a ball toss. Also, a few kids who tried to pull on a fireman's boots, overcoat, and fire helmet in the shortest time possible held a record of ten seconds! We also had a table of munchies that disappeared quickly.

Thursday was Disco Day. We danced to records and tapes of all the latest Disco hits, and the Hustle was the most popular dance step.

South came with us to Hampton State Beach on Friday, and the sunny day was especially enjoyed since the last two weeks had been cloudy and rainy.

Streetlight Future May Be Dimmer

A policy that could restrict new street lights and possibly even cut back on some existing ones, to preserve the "generally rural atmosphere" of Andover, is being formulated at the request of the board of selectmen.

The question of more and brighter lights has been a concern of Selectman Susan Poore since Mass Electric began replacing old incandescent lights with brighter mercury vapor ones, and she's spearheading the drive for a policy which would curtail new lighting, except in areas where traffic or crime hazards particularly exist.

She said Monday that a lot of lights are

just sitting there "making a big glow," and termed them "obscene."

She said she personally would like to see the overall number of lights reduced, and Asst. Town Manager Sheldon Cohen said he felt it was possible to cut out some of the existing lights without cutting overall lumens, based on a recent nine-month study that mapped out all the town's lights and their respective lumens.

He said it was also possible to cut back on overall town expenses that way, since the new lights are more expensive.

Town Manager Jared S.A. Clark added in the area of "preserving and promoting"

the atmosphere of the town, that it might be possible to change downtown street lights over to an ornamental type when the town receives the 100 percent funding to reconstruct the Elm Square intersection. He said the ornamentals could make the area "quite charming."

Selectman Virginia Cole added that the ornamental lights installed in Central

Park "are very nice," much more so than she had expected them to be.

Clark said he had received some 15 to 20 requests from new residents who wanted street lights installed, and that a policy statement would give him something firm with which to respond.

Residents who are concerned about lighting, Mrs. Poore said, could add flood lights to their own homes, and Clark added that some anti-crime campaigns merely suggest leaving one's front porch lights on all night.

Travel Course At Salem

A new program in travel and tourism has been inaugurated by the geography department of Salem State College. One of the first such college-level programs in New England, the SSC offering combines the technical aspects of travel and tourism with studies in geography.

According to Dr. John George of Danvers, chairman of the geography department, "The program was designed in response to the growing interest and activity in travel and tourism on the North Shore."

Salem State's program will be run in both the regular day school and the evening Division of Continuing Education & Special Programs. The latter will offer a Certificate of completion to those who fulfill requirements including eight courses: Survey of Travel and Tourism, Domestic Travel and Tourism, International Travel and Tourism, Travel Planning, Cultural Geography, World Regional Geography, Map Reading, and Climate for Travel and Tourism.

For information on the Travel and Tourism program at Salem State, contact Dr. George, 745-0556, ext. 304.

Originator Of Feingold Diet To Speak

Dr. Ben F. Feingold, originator of the Feingold Diet for Hyperactive and Learning Disabled Children, will be speaking at Methuen High School, Ranger Road, Methuen, Thursday, at 7:30 p.m.

The meeting is open to the public for a small admission.

Dr. Feingold describes his theory and observations in his book, "Why Your Child Is Hyperactive." Since the book's publication in 1974 thousands of parents have found success in altering their children's overactive behavior, improving their dispositions, and upgrading their schoolwork. The children

were formerly reckless, excitable, impulsive, easily frustrated; had poor sleep habits; were unable to sit still; were disruptive at home and school. Although they have normal IQs many failed at school.

Dr. Feingold states, "Overactive behavior is

only one symptom of the problem. Many chemically sensitive children are incorrectly labeled retarded. Others exhibit one of these conditions: Petit Mal or Grand Mal seizures, La Tourette's syndrome, or visual disturbances. These problems are all variations

of the same theme."

The diet eliminates all synthetic colors and flavors, some preservatives, and a small group of foods which have been identified as containing a naturally occurring compound called Salicylate.

The Feingold Association

of the United States now has 136 chapters. The Massachusetts at 776 Dale St., North Andover, list 508 members. Its primary purpose is to reach out to other parents with similar problems. It also aims to educate the public, to influence food processors to eliminate the harmful substances from our food supply, and to convince

government to institute adequate labeling laws.

Receives Grant For AV Aids

Merrimack College has been awarded a Federal Grant of \$9,462 for use in updating and expanding audio/visual resources in various courses and programs.

Departments such as philosophy, English, psychology, religious studies and political science will now be able to use software which was unavailable to them previously.

Funds from the grant will augment the college's financial commitment to increase the use of audio-visual aids in new courses, such as the fine arts course in video production techniques.

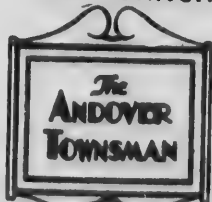

Aldro Is M.P. In Germany

Pfc. Pamela L. Aldro, daughter of Mr. and Mrs. Henry C. Aldro, 38 Juniper Road, Andover, recently was assigned as a military policewoman with the 284th Military Police Company in Frankfurt, Germany.

Aldro entered the Army in March 1978.

She attended Gordon College, Wenham, and Northern Essex Community College, Haverhill, and received an associate degree in 1977.

ANDOVER — LAWRENCE — CHELMSFORD

The Summer Of '78 By Cycle

Where To From Here

By Linda S. Corbett

They did it because it was there. Dan Miner of Andover and his roommate Neil Marley from The Bronx just completed a cross-country trip by bicycle because, they said, it was the "zenith" of cycle trips in this country.

They also figured, back in January when they began their plans, that it would be a good break after their first, gruelling year at Johns Hopkins Medical School.

The two left Seattle, Wash., on July 4, and with only eight days out for R & R and laundry, arrived in Andover late Sunday night.

While they averaged about 100 miles a day, they pushed it to 120 on Sunday — the last 20 in the dark — just to get a home-cooked meal and a real bed.

They started out with 40-pound loads, including clothes, tents, a small stove, even a fishing pole, but their loads shrunk as they mailed items home and lost a few things.

They dwindled physically too, about 15 pounds each despite putting away some

With the trusty cycles that brought them all the way across country, and wearing their custom "Transcontinental Cycle" t-shirts, Neil Marley of The Bronx and his college roommate, Dan Miner of Andover, look over a well-used map.

\$10 worth of groceries and a couple gallons of liquids a day.

For the most part they camped out along the way, pulling off at rest stops and trying to be as inconspicuous as possible. They often cooked breakfast, but relied more on dry foods in the evening.

They took the northern route, generally following U.S. 2, straight east from Seattle to Duluth, Minn., then south of Lakes Superior and Huron, and north of Lake Ontario to Buffalo, Syracuse and home.

Marley found Glacier National Park the most impressive part of the trip, despite the 12-mile climb to Logan Pass. Miner was pleasantly surprised at the beauty and endless ups and downs of Upstate New York.

They report "zero" people trouble, with the exception of an occasional crackpot driver who tried to come as close to them as he could. Mosquitoes were more of a problem, forcing them to cover all but their noses and mouths to sleep.

Marley says the most frightening part of the journey was a 10-mile stretch between

Deer River and Gohasser, Minn., where the grain trucks whizzed past about three a minute, forcing them to the safety of the shoulder of the road.

Both men are into physical fitness, and found they were very much aware of car exhaust whenever they were near any high population area.

For Miner, the son of Mr. and Mrs. Joshua Miner of School Street, and a graduate of Phillips Academy and Swarthmore College, the story ended when he drove Marley to an uncongested departure point, by car, on Tuesday.

But Marley, the son of Mr. and Mrs. James Marley, had to don his helmet once again for a 200-mile, two-day ride home to The Bronx.

Dollars & Sense

When we spend your dollars to buy insurance, we ask ourselves some hard questions. Like "Are we buying from the best company", or "Does a larger deductible to create a smaller premium make more sense," or "Can we reduce your cost by changing some of your obligations"?

These are hard questions that demand careful answers. And we answer them. That's the way we do business. After all, if we're spending your dollars shouldn't we use a little sense?

Religion Course Offered On TV

A 13 week television presentation on WGBH, Channel 2 PBS in Boston, examining the world's major religions will be the subject of a new course offered by Salem State College's Division of Continuing Education this fall.

Beginning September 11, Salem State will conduct a college studies course entitled "The Long Search: Man and the Unknown." Students can receive credit by registering for the course, viewing the new British Broadcasting Corporation (BBC) series, "The Long Search," reading additional study materials, and by meeting other course requirements.

"The Long Search" follows the global journey of a traveler-host on his personal search for religious understanding. Along the way he encounters disciples of 12 major religions and examines the role religion plays in their lives.

Hinduism, Islam, Catholicism, Protestantism, Judaism, and Buddhism are among the religions which receive a close look in the 60-minute programs.

At Salem State, students enrolled in the course will follow the programs and, with additional readings, attend weekly class meetings and other activities to receive credit in this unique approach to religious studies. Enrollment for students who wish to take the credit course will continue weekdays through September 5 at the Division of Continuing Education & Special Programs (Sullivan Academic Building, 745-0556, ext. 232).

In 1825 the first investigation into the relationship between child labor and school attendance was conducted in Massachusetts. This was also the first investigation into a labor problem. Partly due to this inquiry, a child labor law was passed in 1836, according to a U.S. Labor Department publication, "Labor Firsts in America."

The BBC, producers of many other outstanding television programs, have approached each religion from the standpoint of its purpose in the lives of its followers. From Protestants worshipping in large congregations in America to thousands of Hindus making a pilgrimage to the sacred Ganges, the 13 programs depict similarities and differences among religions.

"The Long Search" explores beliefs, rituals, and

ceremonies of religions and examines the practitioners and figureheads (priest, brahmin, minister, etc.).

In the Middle Ages, it was against the law to tie knots during a wedding ceremony.

IT'S 11:36 P.M. AND YOU NEED MONEY FAST. DO YOU KNOW WHERE YOUR BANKER IS?

Like most of us, he or she is probably in bed snoozing away or counting sheep. Which is fine and dandy until you need to make an emergency cash withdrawal or deposit. Then what do you do?

Well, now you can rest easy, because Essex Broadway has the answer to the "after banking hours problem". It's **TellerMate/24**, an automatic teller service that lets you do

your banking 24 hours a day, 7 days a week, 52 weeks a year.

YOU CAN USE TELLERMATE/24 TO:

- make withdrawals up to \$100 a day in cash
- make deposits to any EB account
- make mortgage payments
- make loan payments
- transfer money from one EB account to another

At any hour night or day, rain or shine. Plus it's absolutely free to use.

ENJOY A FREE TELLERMATE TREAT!

Come see a TellerMate/24 demonstration at our Andover office, 211 North Main Street. When you do, you'll have a chance to win a FREE

brand-name gift from our TellerMate Treasure Chest or a nifty FREE gift from our grab bag of goodies. It's a

great way to discover the convenience of 24-hour banking and have a lot of fun doing it.

We're the one to bank on.

Deborah Lynn Rock

October Wedding Is Planned

Mr. and Mrs. Joseph E. Rock of Sudbury, announce the engagement of their daughter, Deborah Lynn, to Jeffrey Lane Mower, son of Mr. and Mrs. Richard H. Mower of Andover.

Miss Rock graduated from Lincoln-Sudbury Regional High School and Southeastern Massachusetts University, and is presently employed at Incoterm Corporation in Wellesley Hills.

Her fiancée graduated from Andover High School and attended Andover Junior College. He is presently manager of the Deli in Framingham.

They plan on October wedding.

Native Produce At Peak

Massachusetts
Agriculture Week isn't just
for farmers.

The week of Aug. 20 to 27 is set aside to remind consumers that agriculture is the source of good nutrition — and it's the peak season to take advantage of local crops.

The abundance of fresh produce from nearby farms makes prices lower at this time of year, and the smart shopper will buy in quantity and freeze or can for use next winter. Fresh vegetables and

fruit are the perfect foods for summertime, when lighter menus are preferred and the cook wants a break from the hot, steamy kitchen.

Think cold soups, main dish salads and barbecues.

Remember, too, that chicken and fresh native fish, turkey and eggs are ideal protein foods for summertime and in general now more reasonably priced than beef.

Come in and see our great
stock of **SHOWER CURTAINS!**

Summer Graduates At Salem

Three local residents were among the 131 students who received degrees Aug. 11 during summer commencement exercises at Salem State College.

Earning master's degrees from the Division of Graduate Education were Ann Breen Ferris of North Andover, with a specialty in reading, and Joseph W. McAuliffe of North Andover, in secondary administration.

Sheila Lynch of North Andover received her undergraduate B.S. degree in social service.

Poetry At Planetarium

An evening of Poetry Under The State will be held in the Charles Hayden Planetarium of Boston's Museum of Science Sunday, at 7:30 and 9 p.m. Admission is free.

The taped voices of eight Boston-area poets reading their own work will be combined with music and special effects on the Planetarium dome. The local poets are: Stephen J. Alam, Claudia Buckholts, Walter E. Butts, Carol Weston Galloway, Tim Lyons, Jack Powers, David Romanowski, and Anna Warrock.

The program is sponsored by the Planetarium and the Stone Soup Gallery, literary arts organization.

Ice Cream, Slide Show At Church

the public is invited to an Ice Cream Social and Slide-and-Sound Show at West Parish Church Sunday evening. Ice cream and toppings will be available on the green and adjacent to the church at 7 p.m., and each person will be able to make his or her own sundae.

At 8:30 p.m. there will be a Slide-and-Sound Show, "New England Jaunts" presented by Cab Easton, a resident of Andover and a member of West Parish Church. Easton has presented these programs professionally throughout New England for various organizations and at summer resort hotels. The program will include sections on Stenington harbor, Fruitland, the Kennebunkport Trolley Museum and the Saugus Iron Works.

A small admission charge will cover both events and proceeds will help fund a two-week mission study trip to Central America in October for a group of five members of West Parish Church. The purpose of the trip is to study firsthand the values and lifestyles of Central American neighbors, discover how the various missions of the church relate their needs, and possibly establish a direct link with West Parish (and Andover) and the people in these countries. Countries to be visited are Guatemala, Honduras and Belize.

West Parish participants are Martha Easton, Martha Viehmann, Don Nickerson and Jo Coombs, all from Andover, and Marth Johnson of Georgetown. They will join other United Church of Christ church members from New England in this venture.

After the trip, participants plan to share their experiences through pictures and discussion with the West Parish congregation and other groups in the community who are interested.

Bonds Sales

June Series E-H Savings Bonds sales figures released by the Department of the Treasury credited Essex County with \$2,779,406 bringing year-to-date sales to \$16,918,171, 58 percent of the 1978 quota, according to Robert Donelan, Volunteer Chairman for Essex County.

State Chairman, J. Edwin Matz, announced that the total six months sales of Series E and H Savings Bonds for Massachusetts came to \$140,886,694, which is 53 percent of the 1978 quota of \$263,200,000.

Andrew E. Sartory, 12, Dies In Bike Accident

A funeral mass will be celebrated tomorrow at 11:30 a.m. in St. Augustine's Church, for Andrew E. Sartory, 12, who was killed on his bicycle shortly after he finished his newspaper rounds Tuesday morning.

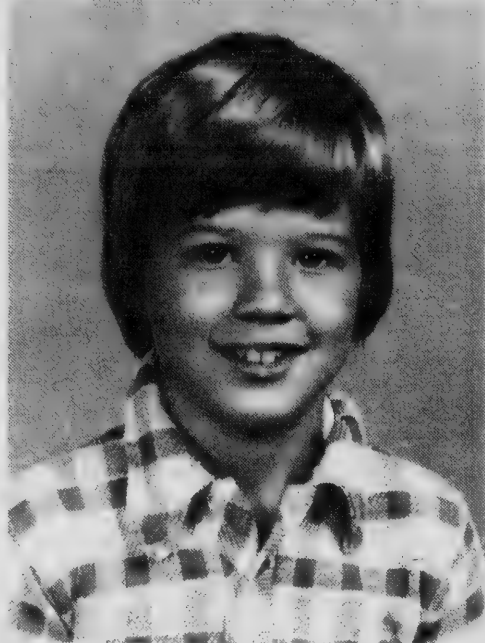

The son of Mr. and Mrs. John J. Sartory, 9 Eastman Road, Andrew was traveling south on Andover Street just before 7 a.m. when he collided with a car in front of the Rose Glen Dairy. The auto was driven by Richard J. Potvin of South Broadway, Lawrence.

Andrew graduated in June from South School. A member of St. Augustine's Church, he participated in the Andover Little League, the Soccer League and basketball, and was a member of the Andover All-Schools Band.

Born in Flushing, N.Y., on Jan. 6, 1966, he had moved to Andover with his family just a year ago, and had become quickly involved in the community.

He is survived by his parents; two brothers Christopher and David; a sister, Mary; and his paternal grandmother, Mrs. Margaret Sartory of Newtown, Pa.

Friends may call today from 2 to 4 and from 7 to 9 p.m. at the Lundgren Funeral

Andrew Sartory

Home, 18 Elm St., Andover.

Burial following the funeral mass will be in Spring Grove Cemetery.

Obituary...

JOHN R. WALSH

Mr. John R. Walsh, 78, of 8 Chapman Ave., Andover, died Monday evening at Lawrence General Hospital following a long illness.

Born in Ballycotton, Ireland on Sept. 2, 1899, he retired in 1965 from Forbes Lithographic Co. in Chelsea as a chemical and ink technician.

A member of St. Augustine's Parish, he was a World War I veteran of both the British Army and Navy.

He is survived by his wife, Mrs. Emily K. Walsh; a son, Thomas J. Walsh of Winthrop; daughters Emily M. Keeler and Judy M. Galvin of Andover, and nine grandchildren.

A mass will be celebrated Friday at 10 a.m. in St. Augustine's Church, with burial in Spring Grove Cemetery.

Friends may call today from 2 to 4 and 7 to 9 p.m. at the Lundgren Funeral Home, 18 Elm St.

Births...

LUTSCH — A son, Matthew Stephen, born Aug. 4 at Lawrence General Hospital to Linda Lutsch, 182 Elm St., Andover.

Pay Raises

(Continued from Page One)

- Upgrading the coordinator of elder affairs from Level S-11 to S-15, or a salary increase from \$10,050 to \$12,217, in keeping with Clark's reorganization plans for the new Department of Community Services;

- Changing the clerk-steno II in central purchasing to account clerk II, or a salary increase from \$9,664 to \$10,050;

- Upgrading the clerk-typist II in community services to administrative secretary, at no change in pay;

- Upgrading the account clerk I in retirement to account clerk II;

- Upgrading the environmental technician in community development from S-16 to S-19, but with no change in pay.

Clark explained that the clerk-steno was originally envisioned to be parttime in the purchasing department, but now is there almost exclusively, and he recommended the reclassification to match the service that person is now performing.

In general, he said, these were people who were highly competent and performing above and beyond what is expected of them.

Clark said that the Town Charter allows the manager to fix compensation of all town officers and employees, but that he needed selectmen support by way of a transfer from the Compensation Fund.

Clark said \$245,000 had been appropriated to the Compensation Fund, and that transfers for the across-the-board increases would leave a balance of \$92,079. He said increases involved in reclassifications or upgradings would require an additional \$4,183, leaving the Comp Fund at \$87,896.

Clark said he had set up an evaluation system on a citywide basis in another community, but that it had been less than successful than he had hoped because the department heads were not sufficiently committed to it.

New Department

(Continued from Page One)

responsibilities of that position.

Clark said he hopes to have the reorganization settled within a month, and that he hopes to fill the director's position on a permanent basis within the next six months.

Dorothy Winn would continue as coordinator of elder affairs, largely responsible for the running of the Haven and coor-

inating of volunteers.

The seven-member R/CS Committee of citizens would become the seven-member Community Services Board and would continue to advise on matters involving recreation and cultural activities. Likewise, the Council on Aging would remain in an advisory capacity, though Clark would like to increase its membership from seven to nine.

Clark said he had originally hoped to place Veterans Services under the new umbrella, but that coordinator John Lewis also performs many duties for the manager, and that he would like to keep him reporting directly to his office for the time being.

He also anticipates lobbying the police and fire departments into one Department of Public Safety headed by a director of public safety in the future.

He said in each case he plans to delegate his appointed powers to the department heads, thus decentralizing the personnel function "as it should be."

He said he took a step in that direction recently when he merely approved recommendations of an internal committee for the promotion of three fire lieutenants.

Apprentices To Present "Drunkard"

The Apprentice Program at the Theatre at Brooks, under the direction of Mrs. Nita Froelich, will present The Drunkard on August 22.

The Apprentices, aged 14 to 18, have been studying the complete workings of theatre since the beginning of July, and have worked on all major shows while attending classes and rehearsals for their own production.

The Drunkard, by Brian J. Burton, is an old-fashioned melodrama set to music. The play comes complete with a villain, a heroine and a hero. Larry Robertson, chairman of the Fine Arts Department at Pike School, is music director for the show. Members of the cast include Ross Winnick, Jay Winnick, Susan Bradford, David Lewis, George Miserlis, Bob White, Melissa Mustatha, Paula Muto, Alison Bedford and Megan Narramore.

Curtain time is 7:30 p.m. at The Brooks School, Rte. 133, North Andover.

AUGUST 17, 1978

Seek Elm Traffic Controls

A request by residents of the Elm Street area for stop signs on Summer and Maple Streets, and speed limit signs on Elm itself, is being turned over to the Traffic Advisory Committee.

Miss Marjorie Stearns of 48 Elm St., presented the signatures of a host of her neighbors to the Selectmen Monday night, saying they agree with her that a traffic situation which is already bad will become even worse when the Elm Street re-construction is completed.

She said cars speed along at 40 to 50 miles per hour during the day and at night, and that very bad accidents occur constantly, particularly late at night.

She said she has seen a policeman sitting out there, "but he never stops anybody."

The residents recommend putting stop signs on Summer Street and Maple Avenue where they meet Elm, and also speed limit signs on both ends of Elm Street to remind motorists that it is a heavily settled area.

Stable Progress Urged

While the Planning Board indicated that it might not be able to come up with a revised bylaw regarding stables for personal use in time for the October Town Meeting, the selectmen said Monday night it was "most important" that they do so.

Town Manager Jared S.A. Clark said he would be encouraging them to proceed as quickly as possible.

The stable question arose earlier this month when neighbors complained once again about stable operations of Mohammed Khusro on Jenkins Road. The Selectmen then directed Clark to see that all stables operating more or less as businesses, in violation of the zoning bylaws, be ordered to cease and desist.

They also asked the planning board to come up with some proposed revisions to put to the voters in October.

Clark said Monday night he had turned the enforcement problem over to the Building Department because he felt they would prefer to work with the people involved, to inform them about the zoning restrictions, rather than to take the bylaw "and beat them over the head with it."

(Continued on Page 56)

Abbot Complex Gets First Nod

The first official nod for a retirement community on the grounds of old Abbot Academy came from the Selectmen Monday night, as they instructed the town manager to write a letter generally ap-

proving the "concept."

The planning board had asked their opinion, and the Abbot question is likely to come up during the planners' work session Monday night.

The selectmen generally favored the "concept" of the proposal by Life-Care Services Corp. of Iowa to turn the former school into a 310-unit apartment and nursing facility.

They did, however, ask Manager Jared S.A. Clark to express in the letter their concerns about taxes, the use of municipal services and traffic.

Abbot and Central Street neighbors have appeared at Phillips Academy sessions twice to voice concern about traffic that would be generated by the complex.

Clark Monday night noted that while the population group to be served would be very different from that of the boarding school, there were a lot of similarities. There would be security, for instance, and the health care unit would be comparable to a school infirmary.

He said there were clearly provisions for the preservation of the historical structures in the proposal and that, finally, the use would not detract "from the neighborhood, the town as a whole, or Phillips Academy."

He said that Robert Zollner, attorney for P.A., feels that a zoning change will be necessary, and that the planning board will be studying the issue in preparation for Town Meeting.

Approve Office Shuffles

The Selectmen Monday night generally favored a plan for reshuffling town offices to provide for Andover's own needs — a plan that could force the Northeast Regional Library to take up residency elsewhere.

In directing the town manager to pursue his plan, however, they expressed particular concern that hard feelings be minimized on the part of the regional library, and that the storage needs of the town's own library be met.

Town Manager Jared S.A. Clark last week announced a scheme to move the new Department of Community Development which includes the building department, planning and zoning board and conservation commission, to the second floor of the town-owned Theatre Building on Essex Street, thus freeing up town hall space for administrative and financial functions.

He said he so far hadn't gotten any "overwhelming reasons why he shouldn't go ahead with the plan."

The scheme would require moving The Haven from the second floor of the Theatre Building to the first, into space now leased to the Eastern Regional Library Systems.

While the regional library had rented space for the past two years, Clark said there was no long-term arrangement, and that he had notified them he wasn't prepared to sign another one-year contract.

He said the town was under no legal obligation to keep them, but that they had come here hoping to stay a long time.

Selectman Edward Harris felt particularly bad that the regional library had put \$9000 into electrical service, carpeting, shelving and the like to make

(Continued on Page 56)

Hear Ye,
Hear Ye

Goodman George Abbot, alias Michael Cyr, stands straight and proper during proceedings of The General Court. He's performing in the Children's Musical Theater production, "Starting from Scratch," which replays the incorporation of Andover in 1646. Tonight's performance at St. Paul's Church in North Andover is practically sold out, but a special free children's show will be sponsored tomorrow by the Stevens Memorial Library, at 10:30, at the church. Goodman Abbot may have been the first resident to have sneakers, errr, huckle shoes.

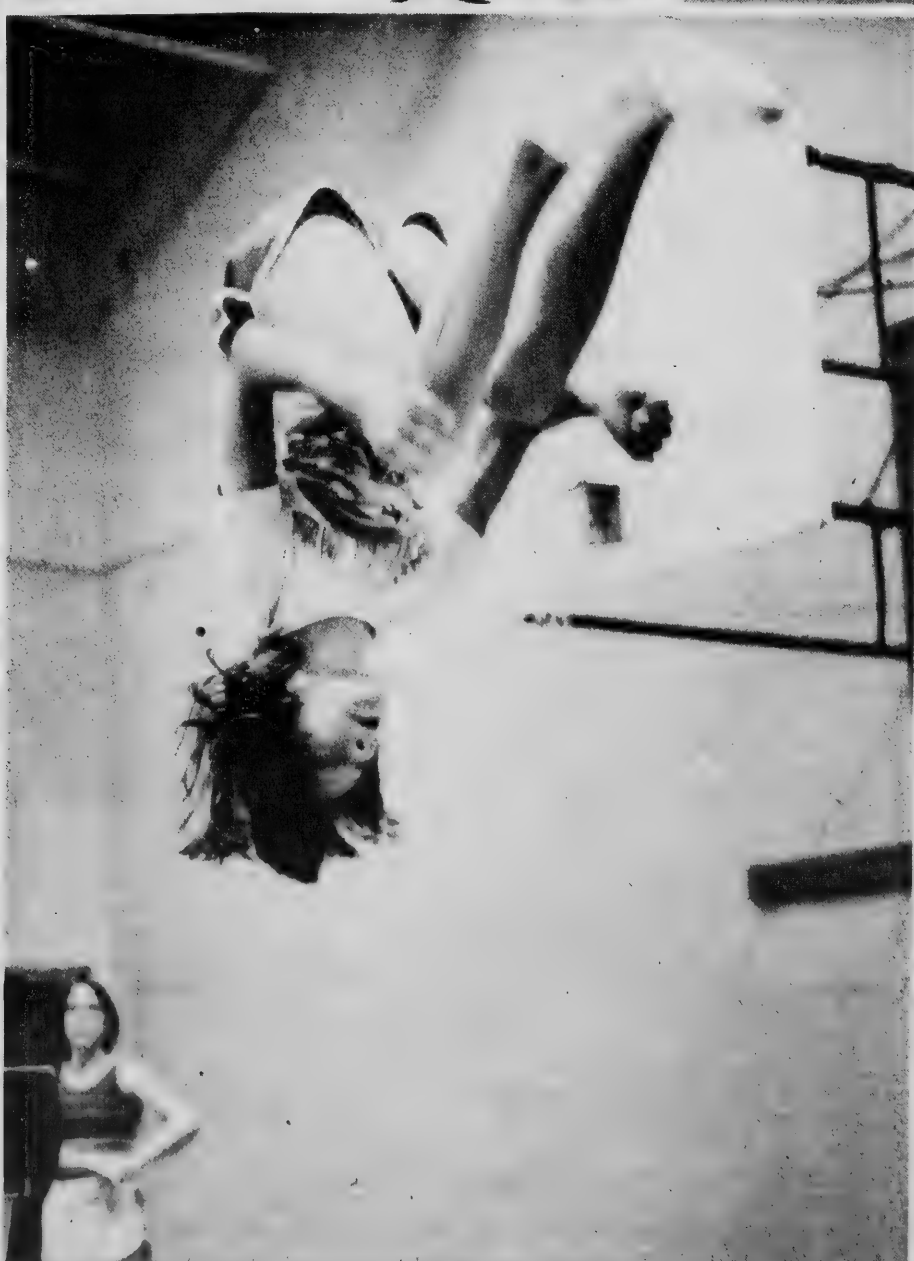

Summer At The Y

Special summer activities have kept the Andover-North Andover Y humming all summer. This page, Cathy Crane treats the Kinder Kamp youngsters to "Robert the Rose Horse," while a rapt Amanda Smith, age 4, listens at left. At right, below: Allison West, 8, takes on a more serious activity during Adventure School.

Opposite page, local girls show their form during Gymnastics School. Clockwise, beginning upper left: Janet Maurer, Mary Wermers, Kathy Todt and Robin Pfister.

upper left: Janet
and Robin Pfister.

Gaining Space And Losing a Tenant

Apparently the state's regional library service, housed in the theater building on Essex Street, will be moving elsewhere due to the town's need for additional space.

Tampering with library services, here is almost like fooling around with the school system, but upon examination, the proposal to compel the regional library service to move has to be looked upon as a prudent move.

Town Manager Jared S.A. Clark sees the need for additional space for municipal agencies, in particular, the community development department which encompasses such groups as the planning board, zoning board and conservation commission, and which needs rooms not only for office routines, but headings as well.

Town Hall is pretty well filled and so offers no relief. Hearings are now scheduled in the library by some groups, which makes it difficult to resort to records when needed, since the files are maintained in town hall.

Therefore, there is a need for the additional room the theater building would provide, while at the same time allowing a continuance of elderly services at The Haven by moving that agency to the first floor.

Conceivably it might be argued that acquisition of the theater building was put forth on the promise that Memorial Hall Library needed space and that the regional library service would be more than happy to continue its quarters in Andover at that location. The state service would pay the town annual rental, thus easing the costs of maintaining the theater building.

But basically, purchase of the structure and accom-

panying property actually provided protection for Memorial Hall Library, which has plans for expansion at some future date.

What the town must consider at the moment is the accommodation of its current and projected municipal services.

New data processing equipment is anticipated soon, and must be housed, preferably in town hall, the core of the financial systems for Andover.

Too, the co-ordination to be brought about by the new community development department should have its offices and personnel in a central area.

Construction of any new municipal facilities seems to be out of the question in view of the projected \$10 million expenditure for school renovation and construction due to face town meeting next year.

What is obvious, then, is the need to provide required space at minimal cost, and to hopefully defer any additional municipal construction, other than the school project, for some time.

This apparently can be accommodated through the use of the theater building.

Regional library officials were offered space in the Cardinal Cushing gymnasium, but rejected it.

While having such service housed here and available is advantageous, we must also consider the town's interests and needs. With buildings available to meet the town's needs, it seems wise to utilize them, even at the risk of losing the regional agency and its \$9,000 annual rent. What the town would have to pay, either in new construction or rental, would far outweigh the income from the state.

Down The Years With The Townsman

75 Years Ago — August, 1903

The firm of Babcock and Howland have recently repaired the dam in the Shawsheen River at their mill on Tewksbury street. They have also dug out, widened and deepened the pond.

In the Andover Baptist church the work of frescoing and repairing is well under way. Stagings are up for the ceiling work and Newman has started on the organ which will be stained a dark oak.

The repairs on the Punchard school building are progressing nicely. What was the old "main room," has been converted into two recitation rooms and a passageway built which connects all rooms.

A. L. Ripley of this town who is captain of the all Massachusetts Golf Team, was one of the committee to receive the English golfers who landed Monday on the steamer Mayflower.

Workmen are beginning the changes in grade and other work called for by the selectmen in bringing Elm street up to proper standards following installation of

the rails for the electrics.

50 Years Ago — August, 1928

The house at 15 Elm street has been moved to the rear of the property in order to accommodate a new filling station to be built by the Shorten brothers. A driveway around the station will provide access to both the house and station.

Combination 3, the new 1,000 gallon pumper at the Central station participated in the third annual parade and muster conducted in North Andover Saturday. It was under the command of Alexander McKenzie.

For the fourth consecutive day Wednesday, Andover sweltered in the excessive heat and humidity. The thermometer reached 97 degrees at one point during midday yesterday.

Mrs. Annie R. Swanton has notified selectmen that she intends to retire from her position at the town infirmary as of Jan. 1. She has served as matron there for the past 20 years.

George W. Henderson and Sons of An-

dover has been awarded the contract for renovations to be done in the town hall. The plumbing and heating will be done by M. T. Walsh.

25 Years Ago — August, 1953

William J. Igoe, 68 Salem St., Lawrence, was elected assistant football coach by the school committee this week. He will teach social studies classes.

S. P. Stevens officials tell gathering of area officials the company has faith in the New England textile future and feels its operations here will continue for some time.

The free public parking area in the rear of the Shaw property is now open and being used by downtown shoppers.

Plans and specifications for the sewer treatment plant and some of the mains in the area are near ready and the project will be put out to bid soon.

Presentation of medals for interplayground competitions will conclude this season for the recreation commission summer program.

For Those Of Us Who Are Older

By Janet D. Lake

!!!The Hot Lunch Program will close Friday, Aug. 18, at West Elementary School and will resume Sept. 7.!!

Every Monday morning Margaret Pike Cronin conducts a program of continuing instruction in various art media. Whatever your particular interests may be from batik to braiding, Margaret can help you. You do not need any kind of reservation — just Come to The Haven about 9:30.

Beano sessions are held at The Haven every Friday afternoon and Tuesday Aug. 22, there will be Line Dancing again.

"Pollyana" is the title of the movie at The Haven Aug. 21 at 2 p.m. It is free and open to all eligible to use the Haven.

The next theater party is Thursday evening, Aug. 24, for the performance of Neil Simon's "Gingerbread Lady" at Brooks School. The bus will leave The Haven at 7:30 and return about 11 p.m. Tickets — including transportation — are \$3 each.

Reserve Aug. 30 for the Pot Luck Lunch

at The Haven. Call The Haven at 475-3968 or 475-4165 to let them know you plan to attend. Lunch is at noon.

Among the very special events coming up is the fall foliage trip, Oct. 3. The group will travel to the Squam Lakes Resort in Holderness, N.H., where they will have lunch and entertainment. The bus leaves The Haven at 9:30 and will return about 5 p.m.; the cost for the day is \$12.50.

The Haven is scheduling a trip to the Chateau deVille, Wednesday, Oct. 18, for luncheon and a performance of that all-time favorite — "The Sound of Music." Tickets will be \$11.50 and include the performance, transportation and the meal. Stop by The Haven now and sign up.

If you're not feeling hot and uncomfortable these summer days, remember The Haven is your place to go, and what's more, it is Air Conditioned. The Haven is Andover's drop-in center for its older citizens and not only provides a place to go and people to be with, but offers information and referral services for many social service agencies. If you're over 60 and you have a problem, The Haven is the place to go for answers. If you're over 60 and you want some company and some fun, The Haven is the place you'll be happily welcomed. It's located on Essex Street in the old theater building and is open weekdays from 9 to 4.

JACK ANDERSON WITH JOE SPEAR WEEKLY SPECIAL

President Carter Adds Up His Successes, Failures

WASHINGTON — President Carter is becoming alarmed over his sagging popularity. But White House sources tell us that he believes he has done a good job. He has reduced unemployment by 2 percent and has deregulated airline fares. He has set up a new Energy Department and created a new Education Department.

However, the president is proudest of tackling the tough issues. He pushed through a Panama Canal treaty that the polls showed were opposed by most Americans. He arranged an Arab arms sale that the Jewish community opposed. He defied the Greek vote by fighting to end the arms embargo against Turkey.

Carter is also seeking an oil tax or tariff that will increase gas prices. He strongly believes these unpopular moves are necessary for the best good of the country.

The president admits privately that he has made mistakes. He over-promised during the election campaign. So his performance is measured against his promises, he feels, instead of his accomplishments. He also acknowledges that he has stuck by personal friends, such as Bert Lance and Andrew Young, whom a more pragmatic president would have dropped.

But Carter also believes newsmen, in the aftermath of Watergate, are scrutinizing him more critically than they did past presidents. So he has launched a

campaign to improve his image.

He has begun inviting opinion makers to the family quarters of the White House for informal dinners. He has also brought media man Jerry Rafshoon into the White House to orchestrate publicity.

The president has quietly reminded subordinates, meanwhile, that he's in a far better position to get re-elected than he was to get elected in the first place.

Nuclear Danger: The federal government has systematically suppressed disagreeable news about the danger of radiation from nuclear power plants. It appears that the federal authorities are more anxious to protect the nuclear industry than the public health.

The stakes are enormously high. Both the federal government and the nuclear industry are committed to developing nuclear power. Too many unfavorable stories could jeopardize the industry's multibillion-dollar investment in nuclear power.

Scientists who have linked low-level radiation with cancer have had their government grants withdrawn and their reputations tarnished. One of them was University of Pittsburgh Professor Thomas Mancuso. The Energy Department didn't like his study of increased cancer among atomic workers in Richland, Wash. So the department fired him.

We reported what hap-

pened to Mancuso and the story led to hearings before the House Health subcommittee. Energy Department officials promised the congressmen a full investigation by their own inspector general.

Six months have passed and the investigation has been completed. But the congressmen are calling it a whitewash and accusing the Energy Department of a cover-up.

Now the congressmen have asked the General Accounting Office to investigate the investigators. They said the inspector general's report was "totally deficient."

Press Harassment: The Soviet Union is continuing its harassment of American newsmen. Two have already been convicted of "slander and defamation." They are Craig Whitney of The New York Times and Harold Piper of the Baltimore Sun.

The men were accused of slandering the committee that controls the Soviet media. This is the same committee that specializes in slandering the United States.

In fact, Soviet newsmen routinely engage in slandering our country. We've seen a CIA study of the subject which claims that Soviet correspondents "double as intelligence operatives" and "influence local press coverage of international developments."

The biggest Soviet propaganda drive has been directed against the neutron bomb. Soviet newsmen have portrayed the bomb

as "the ultimate capitalist weapon." In various West German cities, communist front groups delivered protests to the U.S. consulates. In Bonn, two Soviet journalists were seen participating in a demonstration in front of the American embassy.

The CIA report alleges that the Soviets attended major conferences throughout the world in late 1977 and early 1978 for one purpose — to gain a forum for denouncing the bomb. The propaganda campaign was also aimed, the report alleges, "to stimulate doubts in the U.S. public about our own military establishment."

Conflicting Reports: Meanwhile, President Carter has received conflicting reports about the Soviet Union's growing military power. The Central Intelligence Agency has reported that the Soviets are spending about 6 percent of their Gross National Product on armaments. But the Defense Intelligence Agency insists the percentage is more than double the CIA figures. Some analysts believe Soviet defense expenditures exceed 20 percent.

In the summer of 1972, according to a top-secret report, Soviet President Leonid Brezhnev discussed the huge Soviet military outlay with Kremlin colleagues. He was quoted in the intelligence report as confiding: "I fear for the Soviet people to know that one out of every three rubles goes for defense."

Your Hair Today

by Lou Durazzano

Curls are back in style. Softly curled hair is beautifully compatible with the pretty fashions, but if you aren't ready to make a drastic or permanent change in your hair, there are several easy, temporary ways to achieve the curly look. Braiding the hair is the most "natural" method, and, depending on the tightness and number of the braids and how long they're left in, braiding will give your hair a wavy look. Braiding the hair when wet produces waves that last for days; blow-drying it on the coolest temperature adds a softer look. Less time-consuming than braiding is crimping. Use a professional crimping iron to curl your hair in minutes — the Ondulator for soft, deep waves, and the Crimping Iron for small crinkly waves.

Let our professional operators at SUPER CUT HAIR SALON, 93 Main St., 475-3711 create a hair do that will not only be stylish but will suit your personality and life style. We invite you to bring any beauty problems to us whether they involve your hair or your skin. We feature the complete lines of Redken, Jhirmack and KMS beauty products which we feel are the best on the market. Enjoy an adventure in beauty soon at SUPER CUT HAIR SALON. Hours: Mon.-Sat. 9-5, Thurs. and Fri. open til 7.

HELPFUL HINT:

Be certain your hair is set on very large rollers or curls only at the ends when having a body permanent.

Antique Auto Show

Edaville Railroad's Second Annual Antique Auto Show will be held Sunday from 11 a.m. to 5 p.m. in South Carver.

Both the Great Gatsby Rolls-Royce and President

Woodrow Wilson's Rolls-Royce will be on display, along with some 150 antique autos. The population of the U.S. in 1900 was 75,944,575.

The Public Forum

To the Editor of the TOWNSMAN:

While the Recreation/Community Schools Committee appreciates your Aug. 3 editorial support for the transfer of funds from the reserve account for basic maintenance of the Sacred Heart playing fields, we are concerned that this editorial has created some incorrect impressions among Andover residents. Your editorial suggests that the Sacred Heart playing fields and Cardinal Cushing Gymnasium were acquired without any prior, comprehensive planning, merely to keep these parcels out of development, and to be turned at a later time into more conservation land. As co-sponsors with the Planning Board and Conservation Commission of Article 47 of the 1976 Annual Town Meeting which authorized the Sacred Heart purchase, the R/CS Committee would like to address these incorrect suggestions.

The co-sponsors of Article 47, a special citizen study committee and the Selectmen, Finance Committee, Recreation and Open Space Advisory Committee and the Development and Industrial Commission — virtually every citizens' committee in Andover involved in making long range land-use planning decisions — have recognized the need for, and value of, the acquisition of the Sacred Heart playing fields and gymnasium. At no time have any of these groups intended that the Sacred Heart acquisition become another parcel of conservation land.

As early as 1975, then R/CS Director Gary Ralph pointed out Andover's critical shortage of both gymnasium space and playing fields. At that time, fourteen groups of Andover residents were on a waiting list to obtain more gym time, all

of these in addition to the R/CS Department's additional space needs for its own programming. The formation of a second youth basketball league and the phenomenal growth of soccer since then have only served to highlight these acute shortages.

Given such demonstrated needs for both playing fields and another gymnasium, when the opportunity arose in 1976 to satisfy both of those needs through the Sacred Heart purchase, one did not need to be a master planner to make the connection. However, the fact remains that extensive, prior study of this purchase, which resulted in concrete, written proposals, did occur. Well before the Town ever committed itself to the purchase of this land and building, those persons and committees responsible for making recommendations and the decision had in their hands an appraisal of the structural soundness of the building, its annual maintenance and staffing costs, its potential annual revenues and specific proposals for the best uses of the gymnasium and the fields. Only after all of this information was compiled and disseminated was a decision made.

The actual development of the Sacred Heart acquisition is to be a two-stage process. The first stage is to utilize the gymnasium and fields in essentially their current condition to alleviate the present shortages of such facilities. The second stage consists of the consideration and implementation of plans for long range usage. Needless to say, factors such as the two year delay in actual purchase of the Sacred Heart parcel, other Town priorities more pressing than recreation and the fact that both the R/CS Department and Committee have had to operate for more than a year with fewer employees and members respectively than each should properly have had all have made a definite impact upon our ability to establish long range plans for Sacred Heart. Nevertheless, in 1977, the R/CS Department submitted a capital budget item to develop the Sacred Heart playing fields in fiscal year 1980. In 1978,

the Department included in its operating budget for this current fiscal year a sum of money for limited use of the gymnasium. This money is presently available for utilization through transfer from the reserve fund.

On Sept. 12, 1978, the R/CS Committee will conduct a public meeting on all phases of Sacred Heart property usage — gymnasium and fields — at the Cardinal Cushing Gymnasium. Since the purpose of

this meeting is to gauge the feelings of Andover residents about how they wish to see their new acquisition utilized, I am hoping for a large turnout. I also hope that the "Townsmen" will have a representative at this meeting as well, so that in future months, we can all move forward with the same facts, and hopefully, in the same direction.

Charles G. Rancourt, Chairman
Recreation/Community Schools
Committee

Has Irish Experience

Karen Donovan, daughter of Mr. and Mrs. Daniel Donovan, 35 Peters St., North Andover, has just completed a six-week adventure in living and learning the "Irish Way" at Gormanstown College, County Meath, Ireland.

The educational, cultural and social experience is sponsored by the Irish American Cultural Institute, a worldwide organization with international headquarters in St. Paul, Minn. The program tries to introduce American youth to authentic Irish culture and help foster its preservation.

Karen is a student at North Andover High School.

Wightman Team

Members of the Junior Wightman Harris Cup Tennis Team include, front row, from left: Coach Keith Jaffe, Steve Carbone, Brian Howell, Kara Gemmell, Joe Kannam, Gary Coon. Back row, Mike Carbone, Lea Comparato, Lee Ann

Gemmell, Bob Pascarella, Brenda Mesler and Coach Rick Jaffe. Missing were Geoffrey Dowell, Michael Liou, Christine Kubacki, Barb Clark, Marion Montgomery and Paul Berger.

Wightman Team In Successful Season

The Andover Junior Wightman/Harris Cup Tennis Team is completing its second year of competition in the N.E.L.T.A.

Actually the team became two teams this year, because of the large turnout of players. Coached by Rick and Keith Jaffe.

Junior Tennis Tourney Set

The 1978 Recreation/Community Schools Junior Tennis Tournament will be held during the weekend of Sept. 9 and 10. Competition will be for boys and girls under 15 year of age in the following categories: Boys and Girls Singles 13-14 years; Boys and Girls Singles 12 and under; and Boys and Girls Doubles 14 years and under.

Registration forms for the tournament will be available at the Andover Hockey Shop, The Sport Shop and the R/CS Department beginning on Monday, Aug. 28. Registration deadline will be 4:30 p.m. Wednesday, Sept. 6. Late registrations will not be accepted.

Further information regarding starting times and tournament fees, can be obtained by picking up a registration form or by contacting the R/CS office.

they practice Monday and Wednesday afternoons, and compete in on the remaining days.

Outstanding singles players for the team are Lea Comparato, Barb Clark, Brenda Mesler, LeAnn Gemmell, Brian Howell, Joe Lannam, John Fuchs and Barry Bloom.

Doubles players have combined their talent and ability to form the following teams: Amy Conroy and Christine Kuback, Michael Liou and Bobby Pascarella, Mike Carbone and Gary Coon, and Paul Berber and Steve Carbone.

Versatility as the key to the following players playing both singles and doubles: Kara Gemmell, Marion Montgomery, Geoff Dowell and Amy Nicholson.

The program, headed by Rick Jaffe, is sponsored by the Department of Recreation/Community Schools.

Let's Talk About Vitamins...

Ideally, all vitamins, minerals and nutrients should be obtained from our food. This was possible 100 or even 50 years ago when foods were grown in fertile soil and unprocessed. But today when soils are depleted, foods are loaded with residues from toxic sprays and chemicals. When the nutritional value of virtually all foods is drastically lowered by food processing, the addition of vitamins to the diet becomes vitally important. The Earthfood Store, for the finest quality natural vitamins available.

Warriors Looking To Improve Record

All-League and All Greater Lawrence Collins. Split End Paul Farnham will be heading the list of starters when Coach Dick Collin's Golden Warriors take to the football field in another week.

Collins, who will be shooting to improve on last season's 7-3 record, has announced that candidates for the 1978 Warrior team will begin practice Monday, Aug. 28.

Equipment will be issued to lettermen from 4 to 7 p.m. on Wednesday, Aug. 23, and to all other candidates from 6 to 9 p.m. on Thursday, Aug. 24.

Physical exams for those who have not been examined by their own doctors will be given in the Nurse's Office at the High School from 8 to 9 a.m. on Monday, Wednesday and Friday of next week.

While the leading veteran is Farnham, who led the team in pass receptions and kickoff returns last season, and was co-scoring leader with Dan Welsh with nine touchdowns, four other starters will help plan an "outstanding nucleus upon which the team will be built," according to

Fullback Ray Lynch, a two-way starter in 1977 also is returning. Lynch scored three touchdowns last year and was the team's second leading ground-gainer, with a 5.6 yard average per carry.

Also returning are co-captains Len Driscoll, Manny Silva and Ed Collins.

Driscoll was a two-way starter at linebacker and offensive guard. Silva, the backup quarter back had a 75 percent completion average last year and threw for two touchdowns. He also kicked 22 extra points and did all the team's kicking off.

Collins, the starting offensive right half-back, scored two touchdowns and was

fourth on the team in both rushing and pass receiving.

Although the team will be basically inexperienced, these five provide an outstanding nucleus upon which the team will be built, Coach Collins said.

The Jamestown colonists made forestry America's first industry in 1607.

To Build Treatment Facility

The Delaware Solid Waste Authority has signed a contract with Raytheon's Service Company to design, build, demonstrate and operate a solid-waste and sewage-sludge recycling facility at Pigeon Point in Wilmington.

Value of the multiphase, four-year contract with Raytheon is \$31.4 million. The overall program cost is estimated at \$51 million. The project is supported by grants from both the State of Delaware and from the Environmental Protection Agency (EPA).

The contract with Raytheon provides, in addition, a follow-on-20 year management program including operation of the plant and marketing of the recovered materials.

Being designed to process 1000 tons of solid waste and 350 tons of sewage sludge per day, the facility will recover metals and glass for sale to industry. Additionally, several composted, humus-based

products will be made available for commercial use, and a high quality fuel will be recovered.

Per EPA requirements, construction of the sewage sludge processing portion will be competitively bid once final design is completed.

Sale of extracted products will result in a savings of about 360 acre-feet of landfill per year.

Among other Raytheon Service Company projects in the resource recovery field are design, development, and construction management of a 2000-ton per day resource recovery facility for Monroe County, N. Y., a contract from EPA to interpret cost data for refuse derived fuel extraction and solid waste recovery systems; and a cooperative program with the U. S. Bureau of Mines on resource recovery pilot plants.

Repelling Ants

Ants can be repelled by cleaning powder, bone meal, black pepper, white vinegar and ground-up cucumber peels, Massachusetts Audubon advises.

Freedom Walk

Walking tours of the Freedom Trail, sponsored by the Cobblestone Historical Assn., Washington and Milk Streets, Boston, are conducted by costumed historical characters such as John Hancock and Sam Adams. Tours meet at Boston Common information Booth Monday through Saturday, 9:30, 10, 10:30 and 11:30.

PROBATE COURT
Essex, ss.

No. 342223

NOTICE OF APPOINTMENT OF EXECUTRIX

Estate of MARGARET T.
SPINDLER late of Andover in
the County of Essex.

NOTICE

A petition has been
presented in the above-
captioned matter praying that
MAGDALENA T. KYDD of
Andover in the County of
Essex be appointed executrix
without giving a surety on her
bond. (Marjorie Watt Kydd,
the first named executrix,
having deceased.)

If you desire to object to the
allowance of said petition, you
or your attorney should file a
written appearance in said
Court at Lawrence on or
before ten o'clock in the fore-
noon on the eleventh day of
September, 1978, the return
day of this citation.

It is ordered that notice of
said proceeding be given by
delivering or mailing by post-
paid registered or certified
mail - a copy of the foregoing
citation to all persons in-
terested fourteen days at least
before said return day; and, if
service be made by postpaid
registered or certified mail,
unless it shall appear that all
persons interested have
received actual notice, by
publishing a copy thereof once
in each week for three
successive weeks in the An-
dover Townsman a newspaper
published in Andover, the last
publication to be one day at
least before said return day.

Witness, ALBERT P.
PETTORUTO, Esquire First
Judge of said Court at Salem,
the eighth day of August, in
the year of our Lord one thou-
sand nine hundred and
seventy-eight.

©VOLKSWAGEN OF AMERICA, INC.

RABBIT DIESEL.
DRIVE THE
HIGHEST MPG CAR
IN AMERICA.

Start 'er up and you may be in for a surprise. Because the most astonishing news about our economy car isn't the economy. It's the car. For example: Are you the kind of person who enjoys zipping from 0 to 50 in a mere 11.5 seconds? Well, you'll be ecstatic in a Rabbit. In fact, it's already set 31 world records for Diesels.

Another example: room. Open the hatch, and (amazingly!) there's more trunk space than a Cadillac Seville. Fold down the rear seat and (shockingly!) there's almost as much cargo room as some station wagons.

Then open the door. Your eyes don't deceive you. It has more people room than 40 other cars you could buy.

What's more, you should be thrilled to know diesel fuel costs about 10¢ a gallon less than gasoline. Diesel engines hardly ever need regular tune-ups. And to top it all, a Rabbit Diesel won top honors in the latest EPA mileage tests with 53 MPG highway, 40 MPG city.

(EPA Estimates. Actual mileage may vary with how and where you drive, optional equipment and your car's condition.)

Now, how can you resist a test drive in a car like that?

Oktoberfest Set For Labor Day

43 THE TOWNSMAN, AUGUST 17, 1978

The Lawrence Exchange Club is well along in its planning for the sixth annual Oktoberfest slated for the Labor Day weekend. Under the direction of Frank Duci, chairman, club members have been meeting for more than two months in preparation for the three-day celebration.

The setting for the Oktoberfest will be a huge tent erected in Lawrence's Municipal Parking Lot next to the Central Bridge. Other traditional elements include Oktoberfest beer and wine, German food, and continuous music provided by Paula's Gesand Verein Lyre Band. Souvenir booths will be run by the Exchangettes, wives of Exchange Club members.

The Oktoberfest will formally open at 6 p.m., Friday, Sept. 1, and continue until midnight on that evening. It will also be open Saturday and Sunday from 2 p.m. until midnight.

The Oktoberfest theme is a take-off on the German celebration, a national institution since 1810 staged annually for 16 days in mid-September. The Lawrence Exchange Club has made the Oktoberfest its main project, and, over the past five years, close to \$30,000 in proceeds from the event has been turned back to the community by the service club. The Cerebral Palsy Clinic in Lawrence has been a major recipient of financial support, but substan-

tial monies have also been donated to the Shriner's Burns Hospital, the Salvation Army, the United Fund, and the Club's own Hart Scholarship Fund.

Tickets for the Oktoberfest may be

purchased from any Exchange Club member. For further information, contact Oktoberfest Chairman Frank Duci, Co-Chairman Robert Perrault, or Publicity Chairman Michael Costello.

Child Labor

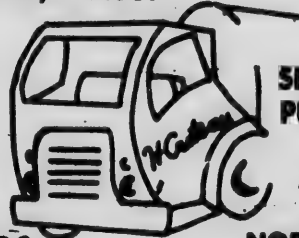

The first legislation dealing with child labor was a Massachusetts Bay court order in 1640 which called for town magistrates to investigate the possibility of "teaching the boys and girls in all towns the spinning of the yarn," according to the U.S. Department of Labor booklet, "Labor Firsts in America."

PROBATE COURT

Docket No. 336894

Essex, ss.

To all persons interested in the estate of AGNES M. WELDON, otherwise known as AGNES WELDON late of Andover in said County, deceased.

A petition has been presented to said Court for Probate of a certain instru-

ment purporting to be the last will of said deceased by JAMES P. WELDON of Andover in the County of Essex, praying that he be appointed executor thereof, without giving a surety on his bond. GEORGE F. WELDON, the first named executor in said will having deceased.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Salem before ten o'clock in the forenoon on the fifth day of September 1978, the return day of this citation.

Witness, ALBERT P.

PETTORUTO, Esquire, First Judge of said Court, this twenty-seventh day of July, 1978.

JOHN J. COSTELLO,
Register
Aug. 10, 17, 24, 1978

Under the Employee Retirement Income Security Act of 1974, the U.S. Labor Department administers reporting and disclosure and fiduciary standards that protect the benefits and rights of pension and welfare plan participants.

Pet Inn, Inc. — Professional Grooming Services

Have your dog or cat groomed by the professionals — take him to Pet Inn, Inc., 23 Jackson Street, Methuen. For the comfort of your pet and for peace of mind for yourself, entrust your pet to the groomers at this efficiently run pet care center, where grooming is done under the auspices of a veterinarian. The tick season is upon us and it is also time for skin diseases to start cropping up. In fact, local vets are sending animals to Pet Inn weekly for treatment baths that are so important when these problems affect your pet. Hot summer weather adds to the discomfort of a dog or cat with thick, long hair, and a bath and clipping by the experienced groomers at Pet Inn can provide immediate relief.

Your dog or cat is always given the finest care and consideration at Pet Inn and is handled with loving care, the way you would treat him yourself. Groomers always have your pet's comfort and well-being in mind. All groomers are experienced in handling animals and know how to carry out their services in the easiest manner for the comfort of your pet.

Pet Inn offers grooming services for all types and sizes of dogs, by appointment only. Any and all services your pet requires are handled with care by the groomers: bathing, clipping, dips and medicated baths, combing of long-haired animals; also combing and detangling on long-haired cats,

and bathing as well.

Only the finest products are used at Pet Inn, to insure the health of your pet. A full line of animal care supplies is always in stock, so you can continue this good care at home. Pet Inn also stocks a good selection of all pet supplies such as collars, leads, sweaters, coats, bowls, toys, vacation carryalls, etc. for your convenience.

Make you pet's grooming appointment now. Simply call Pet Inn, Inc. and arrangements will be made for you to bring your pet in for whatever services he requires. Open daily 8-5, Saturdayss till 3, closed Wednesdays, Master Charge and BankAmericard accepted. Tel. 685-4304.

An aesthetic delight with imaginative decorating. 4 bedrooms, 2 family rooms, a screened porch, large fireplaced living room, eat-in kitchen. Walk to town from the Pike school area.

\$119,900

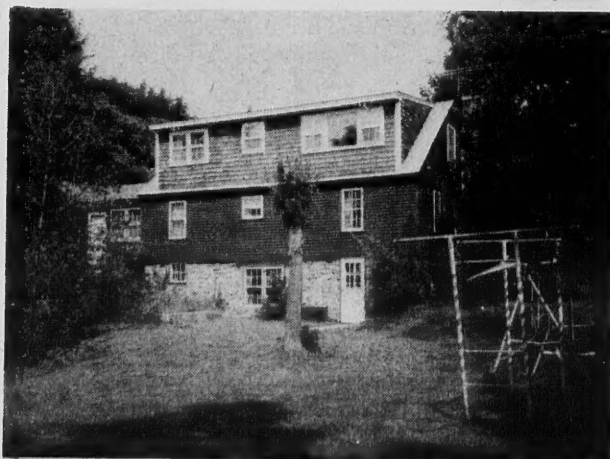

What is so New England as a sturdy, well constructed cape?

A home that delights with a combination of low North Andover taxes with space and charm. A large fireplaced living room, 4 bedrooms, 2 baths, eat-in kitchen and an enclosed breezeway. The back yard is perfect. A value!

WRONG PRICING LOGIC

If you try to sell your home yourself, how do you set a realistic price? Most people base their price tags on the only facts known to them: original price, cost of improvements, and hoped-for profit. Then they adjust to bring their figure in line with what they think similar homes are bringing. Sounds reasonable, but three of the basic facts are irrelevant, and the fourth is highly dubious.

The original price, improvements, and hoped-for profit only determine whether you gain or lose, but they have nothing to do with the right price to produce a sale. Prices of other homes may

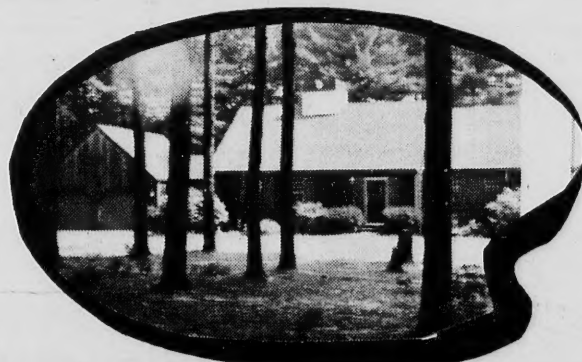

give you some clue to the market, but most of the time you only hear of the asking price. If it's not a realistic price, it won't be the selling price.

How then do you set a realistic price? By consulting a local Realtor whose business it is to know how much property can bring and will bring. His knowledge of the market is invaluable.

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Punchard Ave., Andover. Phone: 475-5100. We're here to help.

Relocation

(Continued from Page 27)

the old theatre space suitable.

Clark, however, said that he was prepared to waive several months rent to help compensate for those costs and to help them relocate. He said the shelving could be taken elsewhere.

Selectman Virginia Cole was more concerned that the shuffling leave appropriate space for the Memorial Hall Library storage. She said the purchase of the theatre building came about in the first place largely because the Library Trustees put the package together, in anticipation of needing expansion space themselves.

While "shivering at the thought of hard feelings," Selectman Susan Poore suggested that plain warehousing space might be sought elsewhere, rather than in the "prime rental" area space of the theatre building.

The selectmen suggested looking into the former truck barn behind the bowling alley off Park Street, into which delivery trucks could drive.

In response to other suggestions, Clark noted that Musgrove Building space and the town-owned Ballardvale Civic Center didn't have sufficient space for the regional library service, but said he would look into the Main Street facility occupied by the Andover Jr. College, which is moving to Lowell.

While the veterans' activities would remain on the second floor of the Theatre Building, Clark said they would be asked to share their facilities with other town activities, particularly in the evenings.

He said one of the main reasons for moving the Department of Community Development is that the planning board had no place to meet, save half a table in the building inspector's office. The larger town hall conference room has been also insufficient for the 15-member Conservation Committee, he said.

Clark said it was time to move away from "highly specialized space" and try to "make do reasonably well" with what space the town has to offer now while

noting that some school space may be available in three to five years if enrollments continue to decline.

Moving The Haven to the first floor, he said, would do away with the need to install an elevator. However, he said he hoped they could use a \$33,000 grant still anticipated from the state, and \$58,000 allotted by Town Meeting, to make most of the necessary space adjustments. He said he would have to retain architectural services later this year.

Opening up the town hall space, he went on, would provide for the anticipated data processing equipment, as well as centralized place for photo copies and a better arrangement for central purchasing.

He is also considering an office for the Finance Committee in space now occupied by the conservation aide.

Stables

(Continued from Page 27)

He said most people don't look at their stable operations as breaking the law, and that the Building Department was trying to identify the people they feel are seriously in violation. He said they had a three-page list of stable owners from which to work.

However, he said, the Building Department is also busy with other assignments, and that this is the height of the building

season.

He added that of 200 junk cars identified by the department in a recent campaign, all but 75 have now been moved.
